WHAT IS CLAIMED IS:

- 1. A pointe shoe for ballet dancing comprising: an upper to cover a portion of the foot; a toe box which is rigid and provides support for the dancer to stand en pointe; and a front sole and a rear sole which are attached to the upper.
- 2. The pointe shoe as in claim 1 wherein the front sole is located under the ball of the foot.
- 3. The pointe shoe as in claim 1 wherein the rear sole is located under the heel of the foot.
- 4. The pointe shoe as in claim 2 wherein the rear sole is located under the heel of the foot.
- 5. The pointe shoe as in claim 1 wherein the soles are attached to the upper by sewing.
- 6. The pointe shoe as in claim 1 wherein the soles are attached to the upper by adhesive.
- 7. The pointe shoe as in claim 1 wherein the soles are made of leather.
- 8. The pointe shoe as in claim 1 further comprising a shank.
- 9. The pointe shoe as in claim 8 wherein the shank is a full shank.

- 10. The pointe shoe as in claim 8 wherein the shank is a three-fourths shank.
- 11. The pointe shoe as in claim 8 wherein the shank is a one-half-shank.
- 12. The pointe shoe as in claim 8 wherein the shank is made of redboard.
- 13. The pointe shoe as in claim 8 wherein the shank is made of leather.
- 14. The pointe shoe as in claim 1 further comprising a midsole.
- 15. The pointe shoe as in claim 14 wherein the midsole is located at the front of the shoe.
- 16. The pointe shoe as in claim 14 wherein the midsole is along the length of the shoe.
- 17. The pointe shoe as in claim 14 wherein the midsole is made of leather.
- 18. The pointe shoe as in claim 14 wherein the midsole is made of redboard.
- 19. The pointe shoe as in claim 1 wherein the toe box surrounds the toes of the foot.
- 20. The pointe shoe as in claim 1 wherein the toe box is made from paper and glue.
- 21. The pointe shoe as in claim 1 wherein the toe box is made of paper, glue and fiber material.

- 22. The pointe shoe as in claim 1 wherein the toe box is made of plastic.
- 23. The pointe shoe as in claim 1 wherein the toe box has a flat tip.
- 24. The pointe shoe as in claim 1 wherein the upper is made of satin.
- 25. The pointe shoe as in claim 1 wherein the upper includes a lining.
- 26. The pointe shoe as in claim 25 wherein the lining is made of cotton.
- 27. The pointe shoe as in claim 1 wherein the upper has pleats at the front.
- 28. The pointe shoe as in claim 1 further comprising a binding at the upper edge of the upper.
- 29. The pointe shoe as in claim 1 further comprising a sock liner which is located inside the shoe.
 - 30. The method of making the pointe shoe in claim 1.
- 31. A method for making a pointe shoe comprising:
 providing an upper to cover a portion of the foot;
 providing a toe box which is rigid and provides
 support for the dancer to stand en pointe;

attaching the toe box to the upper;

providing a front sole and a rear sole; and
attaching the front sole and rear sole to the
upper.
